**OCTOBER 25, 26, 27, 2000**  
**Holiday Inn Golden Gateway**  
**SAN FRANCISCO, CALIFORNIA**

Within the past twenty years, great strides have been made by tribal governments to access resources available through the EPA for environmental protection. In that same time, the national tribal operations committee, regional tribal operations committees, the American Indian environmental office, And The General Assistance Program funding have been established.

Tribal leaders, tribal members and Federal Employees have persisted and achieved goals that have strengthened tribal self government and improved human health and the environment on tribal lands. The 8<sup>th</sup> EPA/tribal conference ‘dare to dream’ recognizes these individuals and the strength of their resolve.

Come and recognize these accomplishments, and strengthen  
your own resolve to improve  
tribal environmental program efforts.

Sponsored and Coordinated by
